

# How to get to North @ The Brighton Forum, 95 Ditchling Rd. BN1 4ST

Driving into Brighton on the A23 you will pass a car dealership and a petrol station on your right. Carry on straight ahead with the park on your left. Watch your speed (30mph) there is a **speed camera** on your left half way down the park.

At the south end of the park you will bear left (over the pedestrian crossing), get in to the central lane and follow the road round to the right, sign posted '**City Centre A23**'. You will see the viaduct in front of you carry on straight ahead and you will pass a pedestrian crossing and a curry house.

At the next junction just after the 'Duke of York Cinema' follow the road round to the left between the 'Fire Station' and 'Hare & Hound pub', sign posted '**City Centre A23**' stay in the left hand lane. Look for the first turning on your left.

Take the first turning on your left (it is just after the pedestrian crossing) in to '**Shaftesbury Road**' just before the large Victorian/gothic looking building. Immediately after turning left on to Shaftesbury Road turn right into the entrance to our car park. Park in the first spaces on your right.
